Satin

Available in a variety of colors, satin sashes coordinate with your color scheme providing a wonderful impact of color while organza sashes a subtle soft sparkling of color.

Organza

Table Overlays provide uniqueness to the top of your table. They are placed on a table linen as an accent of color and are primarily available in organza.

Table Skirting is a fantastic way to create an elegant look to a table. Most importantly, the Head Table. From our experience, this is the most common oversight in decor planning.
